## Winter Meeting Dates:

Wednesday January 27<sup>th</sup> @ 3:30pm

Make Valentine's Day Cards for Hospitalized Kids

### What impact does a card make?

Hospitalized kids often feel lonely, isolated, fearful, different from peers, forgotten. They often also have to cope with missing out on childhood experiences, taken for granted by most kids, like attending school regularly. An uplifting, handmade card truly helps with these challenges by brightening the child's day, making them feel special & reminding them they are not forgotten because they are sick.

Wednesday February 24<sup>th</sup> @ 7pm

Make Paracord Survival Bracelets for US Troops

Paracord "Survival Bracelets" are made of braided paracord (parachute cord), which can hold up to 550 pounds. These bracelets not only look cool, but can also be unraveled in an emergency situation to provide 7.5 feet of super strong rope or string if needed.

Meetings will be held in Meeting Room B.

Pizza will be served!
